## NOSS 2020 Chapter News

---

As with all other educators during these challenging times, the Iowa chapter of NOSS recognizes the difficult issues confronting both students and instructors. The transition to a new name and new focus arrives at a time when support, shared knowledge, and new insights are needed across institutions. Subsequently, the chapter views this year as an opportunity to spread support to a variety of educators and student support professions as institutions of education deal with limited access, social separation, and the difficulties of technological transitions. To this end, the chapter believes our common knowledge and efforts may be more important now as ever before.

the creation of the chapter's new logo.

Along with the varied levels of campus reopening across our state during the pandemic, our colleagues are engaging students in a new environment with new obstacles. IOSS believes we must continue building connections and extending support at this challenging time. Subsequently, the IOSS conference will take place online on October 8, 2020. We will be featuring keynote addresses from NOSS members Alex Goudas and Emily Suh. Sessions will feature currently relevant topics such as making online course delivery more engaging, improving inclusion and accessibility, and reimagining the delivery of tutoring online. We hope this conversation will not only help our colleagues as we move through the current semester, but we expect it will continue to extend connection across institutions to build resilient relationships. Our students are confronting unprecedented challenges, and we believe our combined knowledge and experience may help those students create a new pathway to their goals. IOSS welcomes any interested NOSS members to join us and contribute to the conversation.

## NOSS MICHIGAN CHAPTER INVITES YOU...

"Emphasizing Student Success During a Pandemic"<<http://nossmi.org/2020/>

8-9 October 2020

During a time of travel restrictions and uncertainty about the availability of professional development funds, the Michigan Chapter of the National Organization for Student Success is offering high quality professional development for free--not only to NOSSMi members but to any member of the National Organization for Student Success. You will find the current schedule<<http://nossmi.org/2020/schedule.html>> on the conference website as well as registration information<<http://nossmi.org/2020/registration.html>>.

Although the conference is free for NOSS members, **registration is still required.**

## **CONSIDER PUBLISHING IN PRACTITIONER TO PRACTITIONER!**

Do you have a best practice you'd like to share, but don't have the time to write a formal research paper?

Please consider sharing your idea and have it published in NOSS' Practitioner to Practitioner. NOSS encourages any practice that promotes student success! Guidelines can be found at [thenoss.org](http://thenoss.org), and then click onto library, Practitioner to Practitioner.

The goal of P-to-P is for practitioners to share and promote exciting programs, services, professional development opportunities, workshops, placement changes, courses, advising practices, student organizations, or summer programs – just some examples that have shown success.  
Share. Together we can.

**Submit your article to: [practitioner@thenoss.org](mailto:practitioner@thenoss.org)**

**Share and get published!**
